

F. MARTIN RAMIN/THE WALL STREET JOURNAL, STYLING BY ANNE CARDENAS

## Snail Sophistication

Escargots—bite-size, delectable and very old-school-French, not to mention highly sustainable—should be nowhere near as scarce as they are on today's tables. Encourage their revival with these uniquely adorable vintage stoneware escargot pots from France. Each one fits a single snail, along with the requisite garlic and butter. The set of 12 comes packed in a gift box along with a recipe card for the escargot initiate. \$55, [lavierustic.com](http://lavierustic.com)
